

Welcome to the dental office of Dr. Kenneth Gerber. I am delighted to have you as a new patient.

Every patient in our practice deserves a smile they can be proud of. That is why your long term dental health is of utmost importance to us. I look forward to helping you achieve your optimal dental health.

As part of the Dr. Gerber family, we guarantee you our highest quality of care - we are constantly upgrading our equipment and technology to achieve this.

Advances in dentistry allow us to offer new and exciting products and services - Implants, Sedation Dentistry, Lumineers by Cerinate, Invisalign, ClearCorrect, Snap-on Smile, laser cavity detectors, oraverse, velscope oral cancer detection and teeth whitening. Be sure to ask a member of our team for more information on any of these services - we are here to serve you!

Yours in dental health,

Kenneth Gerber D.D.S.
